AIM (Aftercare for the Incarcerated through Mentoring)

PROGRAM NAME

AIM (Aftercare for the Incarcerated through Mentoring)

Description of Services:

Mission: To support Indiana's incarcerated youth in making the transition from corrections to community through healthy relationships with adult mentors.

Aftercare for the Incarcerated through Mentoring (AIM) is an evidence-based juvenile reentry program that serves approximately 250 youth annually at all five Indiana Division of Youth Services facilities and upon return to the community. With a focus on life skills, we steer the youth toward success by engaging community resources and service providers. We inspire the youth to pursue successful and productive futures where they reach their potential, through self-development and the utilization of community resources.

AIM is a diverse team of dedicated staff and adult volunteers. As mentors, we provide effective role models that target unique needs of these youth, inspiring purpose, motivation and direction.

Attorney General's Office

PROGRAM NAME

Address Confidentiality Program

Description of Services:

The Office of the Indiana Attorney General works to assist victims of domestic violence, sexual assault, and stalking by helping them return to normal, safe lives.

One of the ways the Attorney General's Office does this is through the Address Confidentiality Program which allows victims of domestic violence, sexual assault or stalking with protective orders to maintain a confidential address through the Attorney General's Office. It's not witness protection-nor is it a total guarantee of safety. It's simply one thing victims of domestic violence can do in order to help take their lives back. Many times, a confidential address is part of a larger, overall safety plan.

Contact Name:

Attorney General Greg Zoeller

Operational Hours:**Program Eligibility & Requirements:**

Eligibility: Must be at least 18 years of age, and /or have a parent/guardian acting on their behalf.

In addition, individual must have a valid protective order in place, be a victim of domestic violence, sexual assault or stalking and fear for their safety.

Application Process: Participants in the program are assigned confidential addresses. First class mail is sent to these confidential addresses then forwarded on to the victim's actual home address. Through these steps, a great deal of safety can be achieved. Application must be signed by a trained victim advocate.

**Big Brothers Big Sisters of
Delaware County**

PROGRAM NAME

**Big Brothers Big Sisters of Delaware
County**

Description of Services:

Children ages 6-14 are matched in one-to-one mentoring relationships with screened and trained

volunteers who make a commitment of one year to build a quality and consistent relationship, ideally through weekly contact.

The mentoring relationship is based on similarities in personality, interests and preferences of the volunteer, child and parent. The emphasis is on the sharing of time, opportunities and conversations.

All children regardless of their family situation can benefit from the consistent time, friendship and attention that a Big Brother or Big Sister can provide. The match relationship that is formed helps the child develop assets that all children need in order to grow to be confident, competent and caring adults.

Court Appointed Special Advocates (CASA)

PROGRAM NAME

Delaware County CASA Program

Description of Services:

Every year more than half a million abused and neglected children are in need of safe, permanent, nurturing homes. That's where CASA steps in. CASA (Court Appointed Special Advocates) was created in 1977 to make sure the abuse and neglect these children originally suffered at home doesn't continue as abuse and neglect at the hands of the system. As trained advocates, CASA volunteers are appointed by judges to be a voice for these children in court. The result is that a child is placed into a safe, loving home where he/she can thrive. It is the CASA vision to provide a volunteer for each and every abused and neglected child who needs one.

Goodwill Industries

PROGRAM NAME

Goodwill Industries of Central Indiana

Description of Services:

Goodwill Industries of Central Indiana, Inc., is a community resource that offers employment and educational services. Goodwill helps people find jobs and helps young people prepare for life and work. When you donate or shop at Goodwill, you're helping people find jobs.

Goodwill collects donations of clothing and household items and sells them at more than 35 easy-to-find stores throughout central Indiana. Whether you call them thrift stores, resale shops or second-hand stores, Goodwill is a great place to purchase new and gently used clothing and household goods.

Goodwill also accepts automobile donations and auctions them to the public. The revenue earned helps fund employment and educational services for people in central Indiana. These services help people develop the skills they need to find good jobs and to better support themselves and their families.

Goodwill strives for economic self-sufficiency. Through the sale of donated goods (our retail division), commercial and janitorial contracts (our Commercial Services Division) Goodwill earns more than 97 percent of the revenue needed for day-to-day operations. United Way and donors contributions provide the rest.

**PROGRAM NAME****Career in Business****Description of Services:**

Hillcroft's Careers in Business program provides training to people who want an intensive, self-paced, individualized training experience in a non-threatening environment. We provide business, clerical, computer, and job-seeking skills training. Hillcroft's Careers in Business program trains people for entry level employment. Our individualized, intensive, short-term alternative to the traditional two- or four-year degree program has placed many people in permanent employment in the last 8 years.

We guide individuals through stages of simulated classroom work, in-house office work, and finally permanent employment.

Our simulated business environment includes modern office equipment and an emphasis on workplace etiquette. The people we serve choose which components of the program they need to obtain the jobs of their choice.

**Indiana Department of Labor,
OSHA**

PROGRAM NAME

Indiana Department of Labor, OSHA

Description of Services:

The Indiana Occupational Safety and Health Division is dedicated to ensuring Hoosier workplace safety and health. To be successful IOSHA will improve workplace safety and health for all Indiana workers by reducing hazards and exposures in the workplace environment that result in occupational injuries, illnesses, and fatalities. IOSHA works to change workplace culture to increase employer and worker awareness of, commitment to, and involvement in workplace safety and health while securing public confidence through excellence in the development and delivery of our programs and services.

The IOSHA Division consists of four sections that conduct inspections to ensure compliance with IOSHA standards. Industrial Safety is responsible for public and private safety in the commercial, agricultural, and industrial sectors of the Indiana economy. The Industrial Hygiene Section focuses on recognition and evaluation of exposure to occupational health hazards such as atmospheric contaminants, chemical, biological, physical, and ergonomic hazards. Construction Safety is responsible for safety in the construction industry in Indiana.

The Integrated Management Information Systems Section collects IOSHA inspection data and enters it on the IMIS federal computer system which tracks the number and types of inspections, the

numbers and types of violations cited and reflects each inspector's activities. IMIS also prepares the safety orders issued for violations and provides support to IOSHA Section Directors.

PROGRAM NAME

Lifestream Inc. 2-1-1

Description of Services:

Lifestream 2-1-1 is the regional 2-1-1 Center for East Central Indiana. Callers can dial 2-1-1 for information and referral covering a wide variety of health and human service groups and agencies. There is no cost to call 2-1-1 and the service is available 24 hours a day.

Trained 2-1-1 counselors assist in helping to find the right information to satisfy a caller's needs. Agencies wanting to add or update their information in the 2-1-1 database will find the 2-1-1 Resource Update Form on the LifeStream web site. A copy of the 2-1-1 Inclusion-Exclusion Policy is also available on the web site.

Lifestream's Information and Referral service is the entry point for In Home Care and Related services. The Information & Referral Counselors discuss types of services available to aging and disabled individuals and their caregivers. I & R Counselors also initiate the referral for Lifestream Care Managers who will assess client needs, identify funding sources for services and provide the client's choice of in-home service providers in their area, authorize delivery of service and follow up with clients to make sure they are satisfied and getting the level of care they need.

PROGRAM NAME

I'm Thumbody

Description of Services:

Thumbody is a self esteem program designed to promote the importance of individuality and good, sound decision making. The importance of being

your own best friend in regard to good mental health is discussed. A volunteer dressed as a large thumb helps to bring the concept alive by sharing our special Thumbody song, along with hug coupons and hugs. The program is presented in Muncie and Delaware County elementary schools.

Positive and caring persons with the ability to interact with children and encourage self-expression are welcome as volunteers. A one-hour training session to view our videos and go over materials and format of the presentation is required.

PROGRAM NAME

Victim Advocate Program

Description of Services:

The purpose of the Victim Advocate program is to provide a variety of services to victims of violent crime. According to victims rights legislation, Victim Assistance Programs are defined as having the responsibility to bring the full impact of the offense to the court's attention, seeing that victims' rights are protected, and seeing that victims are treated with dignity and respect throughout the criminal justice process. Services to be provided to victims include informing victims of the right to be present at public court proceedings of the criminal case, notifying victims of court dates, notifying victims of cancelled or rescheduled court dates, obtaining an interpreter or translator, providing information about community services including victim compensation, financial, physical health, mental health, legal and social resources, informing the victims of the right to request restitution from the court, and advising victims of their other rights under the law.

The Muncie Police Department Victim Advocate Program will work with victims of violent crimes that have occurred within the city of Muncie jurisdiction. The VAP staff will assist victims in filling out forms to file protective orders, keep victims notified of court hearings, explain the court process to victims, refer to counseling, shelter or legal agencies when necessary, act as a liaison between the victim and the prosecutor and police agencies, provide crisis intervention, attend

court with the victim if requested by the victim, inform victims of all rights they have by law, assist them in applying to the state fund for compensation, and provide emotional support. The Victim Advocate program does not provide financial assistance because it has no funds for this purpose. Victims are able to apply to the state violent crime fund which is an entirely separate office from the local victim advocate program. Services are free and confidential.

Narcotics Anonymous

PROGRAM NAME

Narcotics Anonymous

Description of Services:

The primary service of Narcotics Anonymous is the NA group meeting. Each group runs itself on the basis of principles common to the entire organization, laid out in the movement's literature. Most groups rent space for their weekly meetings in buildings run by public, religious, or civic organizations. Meetings are led by NA members; other members take part by talking in turn about their experiences in recovering from drug addiction, and sharing the activities associated with running a meeting.

In a country where Narcotics Anonymous is a relatively new phenomenon, the NA group is the only level of organization. In a county where Narcotics Anonymous groups have had the chance to develop and stabilize, groups will have elected delegates to form a local service committee. A number of services are usually offered by these area committees, among them: distribution of NA literature; telephone information services; public information presentations for treatment staff, civic organizations, government agencies, and schools; panel presentations to acquaint treatment or correctional facility residents with the NA program; and meeting directories for individual information and for use in scheduling visits by client groups.

Description of Services:

Concerned about making decisions about abused and neglected children's lives without sufficient information, a Seattle judge conceived the idea of using trained community volunteers to speak for the best interests of these children in court. So successful was this Seattle program that soon judges across the country began utilizing citizen advocates. In 1990, the U.S. Congress encouraged the expansion of CASA with passage of the Victims of Child Abuse Act. Today 641 CASA programs are in operation, with almost 40,000 women and men serving as CASA volunteers.

Rebuilding Together Delaware County

PROGRAM NAME

Rebuilding Together Delaware County

Description of Services:

RTDC help homeowners in cases where assistance from other community agencies is not available to them. Our goals are to provide preventive maintenance before major damage occurs, to repair minor damage, to teach basic housing maintenance, and to expand our volunteer base. All repairs are free for homeowners although we encourage donations to our program. Labor is all volunteer and materials costs are paid for out of contributed funds and some grants from Muncie Community Development and others from time to time. Homeowners and family members are asked to welcome the volunteers and to work beside them to the extent they can. A brochure is provided to the homeowner to clarify our process and our partnership with them.

Requests are put in order of apparent urgency of need and work is scheduled accordingly. The most common jobs are roof repairs, wheelchair ramps, bathroom floors and some plumbing and electrical repairs.

Volunteer Opportunities: Repairing, construction and home maintenance. Volunteers willing and able to use their hands and minds to help others are always needed. Also, people with construction experience are needed to provide job-site leadership for other volunteers.

Specialized Alternatives for Families and Youth (SAFY)

PROGRAM NAME

Specialized Alternatives for Families and Youth (SAFY)

Description of Services:

SAFY's mission is to provide families for difficult to place youth in need of substitute care. In order to accomplish this, SAFY utilizes trained treatment foster parents to provide these youth with guidance and a structured family environment. SAFY provides services for abused, neglected and dependent youth; youth with drug and alcohol dependencies; youth with behavioral problems; youth who are emotionally disturbed, mentally delayed, physically challenged and youth with special medical needs.

SAFY offers an array of wraparound services and specialized programs oriented toward the goal of family unity and stability. SAFY strongly advocates a variety of in-home interventions as the initial steps in a family crisis. If the home based resources prove unsuccessful or are not possible, then alternative living situations that utilize professionally trained treatment foster parents, experienced staff and community resources become the next appropriate step. However, this is done with the explicit understanding that SAFY is a short-term option. The ultimate goal is reunification with the primary family, kinship care, adoption or emancipation.

SAFY advocates for the most appropriate and least restrictive individualized treatment plan for its youth and has designed a seamless continuum of care in its cost-effective delivery of services. SAFY views its foster care programs as a bridge to a more stable and secure living environment for the youth entrusted to its care. It is SAFY's belief that every youth should have the opportunity to live and grow in a stable environment.

TEAMwork for Quality Living

PROGRAM NAME

TEAMwork for Quality Living

Description of Services:

Grassroots organization that supports volunteers as they work to eliminate poverty, improve health and build positive race relations.

Race Relations: steering committee established to address the issues of diversity in our community in public promotional materials and greater diversity membership on boards and commissions.

Living Healthy: "The Heart of the Matter" addresses the issue of heart health in our community and creates projects/events to educate and encourage physical activities beneficial for heart health.

Circles Work: supports families who are in poverty and are motivated to get out of poverty.

Contact Name:

Dorica Young

PROGRAM NAME

Eliminating Poverty Impact Coalition (EPIC)

Description of Services:

Primary mission is to work to eliminate poverty one person, one family, at a time. Primary tool is the Overcoming Poverty Together fellowship dinners. The events create a level playing field in which people living in poverty and those not in poverty can come together and use connections to end poverty in the lives of those trying to help themselves. The dinners also become a place for addressing the barriers that hold people in poverty and discussing the issues to inform the community about those barriers. The dinners are held at First Baptist Church. Meals and childcare are provided free of charge. Overcoming Poverty Together (OPT) Circles, is a program of EPIC that creates teams to assist those working their way out of poverty. The "captain" (person in poverty) works with "allies" (people who support captain) who provide friendship, encouragement, and community connections to

help the Captain work their plans and become self-sufficient.

Widowed Persons Support Network

PROGRAM NAME

Widowed Persons Support Network

Description of Services:

Sponsored by R.S.V.P., this outreach organization mails letters to surviving spouses within two months of the death, inviting them to breakfast and dinner meetings. The letters are followed up with phone calls by volunteers who have been trained to talk with those who are grieving. During meetings they encourage getting involved in other community activities, stressing the importance of making new friends and rebuilding their lives.
